

# Muhammad Umar

<https://muhamma-umar-dev-profile.vercel.app/>

Frontend developer | React | Gatsby | JavaScript | TailwindCSS | Bootstrap

Highly skilled and experienced Front-end Developer with a strong background in creating visually and user-friendly websites and web applications. Strong understanding of responsive design. Proven ability to work effectively in a fast-paced, deadline-driven environment. Passionate about staying up-to-date with the latest web development trends and technologies. Dedicated to delivering exceptional user experiences and driving business success.

## WORK EXPERIENCE

### Cipher Savvy, Rawalpindi, Pakistan

Front End Developer

08/2022 – Present

I worked on React.js, Gatsby, Tailwind CSS, Bootstrap, JavaScript core, and HTML.

My responsibilities included:

- Developing the Frontend of the project using React.js.
- Converting Figma/Adobe designs to code.
- Creating responsive designs.
- Collaborating with other team members.
- Maintaining Code quality and ensuring all commits update to Github and deploy successfully on Vercel/Netlify.

### Icon Technologies, Lahore, Pakistan

Head of Operations

07/2020 – 08/2022

- Handling day-to-day Operations in and outside the office.
- Conducting effective Market Surveys regarding procurement.
- Directly reporting to the manager.
- In the last four months completed different projects worth 4 million in set timelines.
- Develop new SOP's for the production house for seamless operations.
- Used my previous techs savvy expertise for generating an online presence.

### iParagon, Gujrat, Pakistan

Android Developer

04/2020 – 10/2019

- Participated in Design and developing and its workflow using Activities.
- Worked on Designing, Bug-fixing and Maintenance of Application.
- Key Resources for layouts and UI work utilizing xml, Views, Web-Views, List-View, Menu Item, Activities, fragments, Sync-Task and handler.
